# About Builder

Built on 80 years old legacy of the Lalbhai Group and established in year 2009, Arvind Smartspaces has set its sights on unlocking the massive land banks owned by the company in Gujarat. Monetizing these land banks and engaging in real estate development will enable Arvind to harvest greater value out of its real estate assets and will also create yet another avenue for Arvind to deliver a high quality experience to its customers. This reflects in the precision of our processes, the simplicity of our transactions and the thoughtfulness in everything we build. The company has since evolved as a major player in Ahmedabad's real estate market with various big projects under construction / set to launch. The company has established its presence in residential , commercial and land development space in a short period of time.

A hiker with a red backpack is walking across a suspension bridge that spans a deep, dense forest. The bridge is made of metal cables and a mesh floor. The hiker is seen from behind, looking towards the far end of the bridge. The forest is lush and green, covering the surrounding hills and valleys. In the background, more mountains are visible under a hazy sky. The overall scene is serene and adventurous.
